

## EverBasket™ Three-Sided Basket

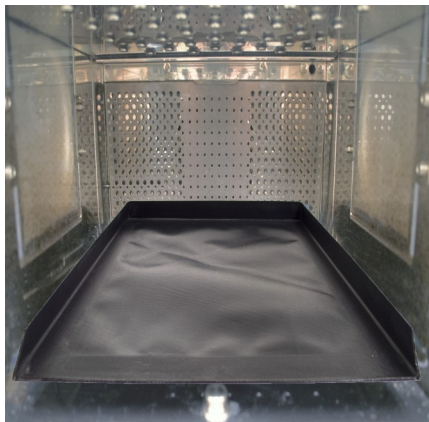

NONSTICK BASKET FOR CONTINUAL INTERNAL USE INSIDE RAPID COOK SPEED OVENS

EverBasket™ is the longest-lasting, oil-free nonstick basket for the food industry. TCI's high-performance basket brings the latest innovations in PTFE material technology to rapid cook speed ovens. This unique three-sided design allows for EverBasket™ to be used continuously inside an oven without removal. An internal basket allows for more convenient handling around the oven. Offering greater stability than a sheet, the three sides help to minimize oven contamination and assists in containing more food and grease.

**Many sizes and colors are available upon request.**
